

A RASH CONCLUSION.

"Then I am to understand that this is your final answer, Miss Stubbles?"
"My final answer?"

"Nothing can move you?"

"Nothing." "Then my life will be a longly one and my fate a harsh one, for my uncle with whom I lived has just died and

"That fact somewhat alters the case, Henry. I cannot be harsh to one who has sustained such recent be-reavement. If I could believe that you are sincere—"

"Sincero! Oh, Miss Stubbles!" "You have certainly made an im-pression on my heart. Give me time

to think of it. "How long?"

"After all, why think of it? Henry, I am yours!"
"Oh, Geneviove!"

"Do not squeeze me so hard, Henry. Your poor uncle! Was he long ill?" "Three days."

"It is too bad? You say he left you?"

Yes, he has left me." "How much?"

"How much? I said he had left me. He had nothing else to leave. I am alone in the world now, homeless, penniless, but with you by my side— why, she's fainted!"

HOW TO APPLY PAINT.

Greatest care should be taken when Greatest care should be taken when painting buildings or implements which are exposed to the weather, to have the paint applied properly. No excellence of material can make up for carelessness of application, anymore than care in applying it can make poor paint wear well.

The surface to be painted should be dry and scraped and sandpapered.

dry and scraped and sandpapered hard and smooth. Pure white lead should be mixed with pure linseed oil, fresh for the job, and should be well brushed out, not flowed on thick.

When painting is done in this manner with National Lead Company's pure white lead (trade marked with "The Dutch Boy Painter") there is every chance that the job will be satisfactory. White lead is capable of absolute test for purity. National Lead Company, Woodbridge Building, New York, will send a testing outfit free to

SKIN TROUBLES CURED.

First Had Itching Rash-Threatened Later With Blood-Poison in Leg-Relied on Cuticura Remedies.

"About twelve or fifteen years ago I had a breaking-out, and it itched, and stung so badly that I could not have any peace because of it. Three doctors did not help me. Then I used some Cuticura Soap, Cuticura Oint-ment, and Cuticura Resolvent and began to get better right away. They cured me and I have not been bothered with the itching since, to amount to anything. About two years ago I had la grippe and pneumonia which left me with a pain in my side. Treatment ran it into my leg, which then swelled and began to break out. The doctor was afraid it would turn to blood-poison. I used his medicine but it did no good, then I used the Cuticura Remedies three times and cured the breaking-out on my leg. J. F. Hennen, Milan, Mo., May 13, 1907."

## Garden Spot

This Fitly Describes That Portion of Texas Lying Between San Antonio and the Gulf.

You Can Buy a Truck and Fruit Farm of from 10 Acres to 640 Acres and Two Choice Town Lots for \$210. Terms \$10 a Month Without Interest. Read the Following:

Hutchinson, Kansas, March 11, 1907.

Dr. C. F. Simmons, San Antonio, Tex.

Dear Sir:—I am in receipt of your favor of the 7th inst., and in answer will say that I visited the Dr. C. F. Simmons ranch in Atascosa County, Texas, on February 6th, 1907. I spent all day the 9th, and stayed all night at the Brown ranch, then rode all day the 10th over the ranch, making two full days of hard riding on horseback over this ranch.

I met Mr. Franks at Pleasanton. He has been foreman on this ranch for 18 years, and knows every foot of the land. I told him I wanted to see the poorest land on the ranch, and he directed me how to go, and after two days' hard riding I was fully satisfied with the proposition.

I saw three artesian wells, and was within three-quarters of a mile of the fourth one. I tasted the water at one of these wells and found it to be all right. It was very warm, as I understand all artesian water is when it first comes from the well. I am satisfied this well is furnishing enough water to irrigate 1,000 acres of land. It is in Headquarters pasture.

I found the soil to be from a heavy black to a dark red, and all the shades between black and red. In fact, the soil looked good to me, and I believe I know good land when I see it.

I have read carefully the printed folders and examined the little book, "New Home Sweet Home" with regard to the pictures printed in it, and will say they are all there just as natural as life.

While I did not get to see all over the ranch, I saw enough to satisfy me that it is all right. I saw the country from San Antonio via Corpus Christi to Brownsville, but like the Simmons ranch better than anything I saw in Texas.

I have invested in this Simmons proposition and am now making preparations to move there this fall, and I wish to say to my friends and all of their friends, take out at least one application. You can't go wrong. It is the garden spot of the United States.

Wishing you success, I remain,

Yours truly,

B. Q. MATHES.
